

From WikiPedia:

An Archimedean spiral is a curve which in polar coordinates (r, θ) can be described by the equation

$$r = a + (b * \theta)$$

with real numbers a and b . Changing the parameter a will turn the spiral, while b controls the distance between the arms.

tessere la tela del Ragno

The vDiary Interface is a self growing net based on the mathematical function of Archimede's spiral

$$r = a + (b * \text{theta})$$

Each node of the net is a vDiary's vPage (theta)

The screenshot displays a video blog interface. On the right, a map of Italy is shown with a blue, starry background. Several small images are placed on the map, connected by white lines, forming a spiral pattern. The images include a pair of flip-flops, a person, a building, a sunset, a person, and a person. The text "@performingmedia.org" is visible in the top right corner of the map area.

Corigliano! Si parte!
13.08.05
16.48

E' cominciato a Corigliano il viaggio che portera' attraverso diverse tappe al grande concerto finale di Melpignano.

Tra turisti di ogni dove e abitanti locali i concerti hanno animato Piazza Vittoria.

Si balla al ritmo della pizzica.

Viviamo in un incantesimo

07.08.05
14:45

TORNA INDIETRO
lascia un tuo pensiero

Viviamo in un incantesimo,
tra palazzi di tufo,
in una grande pianura.
Sulle rive del nulla
mostriamo le caverne di noi stessi
- qualche palmizio, un santo
lordo di sangue nei tramonti, un libro
lento, di pochi fatti che rileggiamo
piu' volte, nell'attesa che ci dia

il primo pensiero...

andrea : ciao a tutti
antonio : cosi' leggi pure un po' di italiano...
Celeste : oki lo vedo e ritorno
antonio : schiaccia su chiudi
antonio : ;-)
Celeste : nn posso minimizzare?
antonio : guardalo con calma e poi torni
antonio : e si...
Celeste : ma per verlo devo chiudere la chat
Celeste : ahhh si
antonio : sopra il mare
Celeste : dove?
antonio : ho fatto un piccolo video
Celeste : tu sai che per me questo e come se fosse un gioco
antonio : c'e' un piccolo saluto per te se clicchi su anto
Celeste : jajaj silli
